### Soft Skill Development Programme Feedback

First I would like to thank all teachers for arranging these programs. The sessions were very interesting. We learnt many things and got experience.

The six days sessions had arranged. At first day there was an activity introduction activity which helps us to know unknown person & creativity activity helps me to explore myself more which was helpful. Second day Mr. Pratik gave information about the body language & how to communicate that help me when I was going for interview. The basic attitudes. Second session had taken by Mrs. Deshmukh Mam lateral thinking. In which way we should think about the problem & apply knowledge.

Third day we had fun and also get a lot of knowledge from the activity team building & leadership. I had a chance as a team leader for the time & it reduced my fear. Now I am not afraid of leading team. It helps in communication means how to interact with team member & learn & understand each and everyone. We won the task of bridge building.

Fourth day CV writing that helps us to how to write CV & what should be mentioned in CV, what is necessary. Next session was innovative idea held by co-ordinators which improve our ideas.

c) Soft skill development

Next session was Six Hat Thinking  
It gave the 6 different ways to solve a  
problem which was very helpful the all  
6 hats had solution. Second session was  
story writing. It was the best session  
the words given were very interesting  
and we create a story.

All sessions help us, so I would  
like to say thanks. all teachers. It will  
help us.

Thank you

In soft skill the first programme was about introduce yourself. We enjoyed alot in this program introduction of each other is taken. We interact with many new friends in that day.

Because we are join college we can't interact each other.

In next session was about creativities activities. from this session we learn alot from other student and we increase our stage daring and we forgot our stage fear. and enjoyed the session with new friends & teachers.

On next day, session was conducted by Pratik korde. In that session we learned that how to speak in front of interviewer, how to dressup when we were going for interview.

Before, this session we have many questions related to interview but with the help of this session we got our answers.

On next session, it was great session we were enjoyed this session.

In this session it is about the puzzle. How to solve it. with the help of this session we learned that how to use our

~~Knowledge~~ knowledge and which direction?

On nextday, this session was about the team building & leadership skill.

In this session we were enjoyed the team building session. we were enjoyed the making bridge with help of friends we enjoyed the teamwork. And we learned how to work in team with different people who think in 'n' direction & we learned that how to ~~compromise~~ understand the thoughts of other teammembers. In leadership session, we learned ~~that how~~ which functions/work ~~was~~ ~~were~~ was about leader.

On nextday, CV writing session ~~is~~ ~~is~~ was done. Before this session we ~~were~~ ~~not~~ have more question in our mind. But with the help of that session we learned how to make our CV. we learned ~~our CV~~ ~~we~~ learn ~~our~~ our CV is short.

In nextday,

Thank you

## Feedback

Meera Nagtilak (344)

On the very first day of 6-day Soft-skill development program, we introduced ourselves to each others.

This helped me to know my classmates much better & also to know about some of the so called introverts of the class.

In the second activity on the same day, I got the chance to know what my own classmates think about me. It was a totally different experience about knowing what the people I rarely know, think of me.

On the second day, in the morning session, Mr. Pratik Konde enlightened us about the essentials of good communication skills & body language.

The examples he took were great, helpful & actually relatable with day to day life.

He was enthusiastic and so we too enjoyed the session while learning from him.

In the afternoon session, Mrs. Deshmukh was all prepared to make our brains to do exercise. She asked very interesting questions which helped us to think laterally, that is to think a wider context with different angles. The best part of this session was the fact that the correct answer was awarded a chocolate! She bravely knew the trick to involve all of us.

c) Soft skill development

On the third day, Mr. Mahendra Sethia along with his colleague involved us in a very interesting activity, aiming to teach us team building and leadership qualities. We built paper bridges, as teams. My team was a team of leaders & we badly failed to make the bridge. This taught me that in actual "Too many cooks spoil a dish" is true.

The next activity was about clapping in sync for two times. This time we did the best.

We overcame our previous mistakes and learnt to co-ordinate & understand each others.

On the fourth day, in the morning session Dhanesh sir guided us to write a good & correct resume. He gave us knowledge about the important do's and don'ts while preparing the resume.

In the afternoon session, Priyanka ma'am made several groups and handed over a topic to each group. We were then given some time to think about the feasibility, implementation & problems that might rise during implementation of the given topic. My group members were all co-ordinating except for one, non-other than Abhishek Dighe. We gave a good performance. I here got to learn that people like Dighe may come across, but still you can't help it & have to handle situation at any cost.

On the fifth day of the soft skill development program, in the morning session, Mrs. Priyanka introduced the six hat thinking concept to us. This activity helped to change my perspective towards any problem or any situation.

Later, in the afternoon session we were given some words & had to make up some story using these words. Our story was a little adult one but it entertained everyone. Even the teachers were laughing out loud. We really enjoyed while writing the story. Maybe some of the students who don't get job, will become writers in future.

On the last day, in the morning session, the ex-student of P.V.G. COS, Mr. Nikhil took mock interviews. I was the first one who got interviewed by Athira & Rajat. And I was really bad, to be honest. But overall it was a helpful experience.

Then Mr. Nikil educated us about certain do's and don'ts in a very funny way which nobody can forget. This session helped us to know our weakness and how we could overcome them.

In the afternoon session, the multifaceted personality Mr. Mayuresh Danke helped us to know the IT trends better. He also highlighted the need of learning and evolving to survive in the IT industry.

The overall experience of this 6 day soft skill development program was really great & helpful.

The humour used while teaching & the real world problem referenced, all this made it lively & educated me. I've gained a good amount of knowledge other than just academics.

It helped to improve myself to be a better person.

THANK YOU P.V.G. for arranging these lectures & giving us more than just academics.

LOVE YOU P.V.G. you are truly the best.

I've have realized this, others may realize it a bit late.

But truly P.V.G. is the best as it focuses to make you an all-rounder.

Thank you once again!

First of all I would like to thank our Principal ma'am Mrs. Deshmukh and Mrs. Priyanka Kuthwad ma'am, Mrs. Swati Joshi ma'am and Mrs. Deepali Thorat ma'am, for giving us a great opportunity to know ourself, and improve the qualities we have.

Even the guests which were invited were friendly with all of us, so we can also enjoy each and every minute of the session. I learned many things from these sessions, ~~so~~ some of them are as follows:

1. I faced my 1<sup>st</sup> ever interview in the mock interviews that we arranged. So now I don't have any fear to face the interview.
2. I came to know about the creativeness and the leadership qualities in me, when we were given a task in a team & surely we completed the task.
3. Even I got aware about the current IT situations.
4. Even I got the chance to learn how to write Resumè, which is a very important part of career in our lives.
5. Even I learned more knowledge about communication and body language.

Apart from all this, I have received many ~~mem~~ unforgettable memories with my teachers.

and friends.

Due to the soft skill, it was possible for me to make new friends and work with them.

It was also very beneficial for us.

It was really an unforgettable time.

How days just flew away? How the 7 days event came to the conclusion day?

I just felt that the event was just started yesterday.

Thank you ma'am for arranging the soft skills programme.

Soft skills, which are one of the most important things that we need as a person to withstand in society. In this week we got to know much more about ourselves in many aspects.

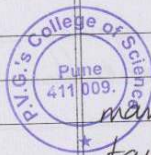

On the first day, we were asked to introduce ourselves. The introduction seemed as usual but it was different for me as I gained more confidence and found myself to be more expressive.

On the next day I got to know the myths about creativity and leadership as we were told that "CREATIVITY LIES IN YOU" & "LEADERS CAN BE MADE". Also we did a group activity of building tower, we did it with great enthusiasm & excitement, though we created a mess but still I enjoyed!

On the third day in the morning session I understood the correct way of writing or preparing a resume. After the session we understood that we needed some minor & major improvements!

In the afternoon session we got idea about psychology of interviewer & the person being interviewed. It was a nice experience to face the mock interview which I think I did quite well!

On the fourth day we met Ranibala Khatkar mam. She herself was a very inspiring person. She taught the easiest way to change our mood that is how to feel high inspite of being in a low situation.

She told us an amazing line "FAKE IT TILL YOU MAKE IT" which we will remember for the rest of my life. We learned how to motivate ourselves ie through positive & cheerful self talk.

In the afternoon session we met Sudhithra Harishat sir. We experienced a very different introduction which was surprising to us. We learned to ask question. The ideas of expressing himself were totally out of the box.

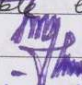

On the last day, we met Bhushan sir who gave us an idea about "CURRENT IT TRENDS" which were very helpful & informative.

Last but not the least Deshmukh mam conducted an amazing activity which really forced us to pressurize our brains & think out of the box. As the prizes were going to be chocolates so there was a different excitement for winning.

Over all the soft skills development program conducted by the college was truly helpful & worth attending. I learnt lesson of life and enjoyed participating.

I would like to thank our college for giving me such a wonderful & memorable experience.

Soft Skills Feedback:

There were many questions in mind regarding soft skills before this soft skill seminar was taken. When it was announced, my first question was why is the soft skill for 8 days? What all things are going to be covered. 8 days are too much for understanding all this. But after attending this seminar, all my doubts questions have got answer.

The very first day, our respected teachers gave us a task to understand ourself and tell the rest of the class about the same. I did not showed the courage to go front & talk because I had never done it before, or because "of stage fear". But atleast that idea of knowing yourself striked my mind and I began thinking about it atleast. Then, to make us feel relaxed, we had little group activities, which surely gave a realization that this sessions are "Interactive" more than lectures to be listened.

Resume writing by Mr. Rushikesh Tapadiya gave us a clear idea of do's and don'ts in a Resume. I would like to mention Mr. Bhattad's session in which he explained us the importance of Practicals and self study in a very different, or friendly manner. Both of the guests were from PVG family which gave us vastous information in industry in a simple manner.

c) Soft skill development

Goal setting session by Mrs Kakatkar was the best session that was taken. I had before attending her lecture, I had only one goal, i.e. to do proper job in a good company. Mrs Kakatkar was the one who made us think and place our goals in various angles. She made it clear that goal is not about education or job or others. Goals can be personal, academic, physical, family, social, financial. The same day I have set my goals in all the above. Thanks to Mrs Kakatkar and our teachers that they invited Kakatkar Ma'am. I personally was very afraid of failure or the word fail, but she gave a very nice thought that there is no failure in this world, there is only feedback and response.

Our lateral thinking session was conducted by Deshmukh ma'am. It was a pleasure listening to her after F.Y statistics lecture. Puzzles taken by ma'am were a bit tricky. I enjoyed it solving. But I feel she should have given more puzzles to solve. Radhika Madam shared some points regarding body language. That will surely remind me to follow them during interview.

Group Discussion was only a very good activity in which me & my friends took part. Stage fear was a bit reduced because of this. Then, Rekha Joshi Madam shared the 6 hat concept. Thinking in various angles was very different idea that I came to know. Before giving my view on any point, I would think upon it using 6 hats henceforth. Thanks to Rekha Mam for this beautiful concept.

Mahendra Sethiya Sir was to conduct a session about Teamwork. He first gave us an activity in a group and then he shared his ideas & views about it. I believe that, if he would have just given the lecture without letting us do the team task, we would have not understood effectiveness of teamwork in a clear way. His way of first letting us work in team, & then explaining our strong & weak points was again one of the best one.

Dr. Shrikom Geet sir conducted career counselling session. He gave a brief idea about various areas regarding I.T, ITES etc. Though his lecture was short, he covered all the points & gave us idea about how IT industry works.

c) Soft skill development

Before concluding, I would like to add here that this soft skills program conducted by our college not only gave us ideas about expressing ourself, Collaboration, team building but also tied up our team of TYBSc 2015-16 again. After attending all these softskills session, we have rebuilt ourselfs, our strongpoints, our goals, our friends, our thinking horizons. It was all about exploring capabilities in ourself, in which each of us have been succeeded. Softskills session was surely the best session this year.

All thanks to Rekha Joshi Madam, Deshmukh Mam, Radhika mam and the respected guests which helped us in every session, giving us knowledge. Thankyou again that you gave us such a supportive and secure family of P.V.G.

कॉलेज ने organate केलेला soft skill development program हा एक खूप महत्वपूर्ण आणि फायदेशीर होता. छोट्यात छोट्या गोष्टीं पासून जसे की How to introduce yourself? तसेच interview कसा effective करायची? interview मध्ये विचारलेल्या कुठल्या question ला कोणते आणि कसे effective ans द्यायचे? अशा खूप important गोष्टींबद्दल खूप छान information मिळाली. तसेच पुढील career संबंधात सुरुवात खूप मोलाचे मार्गदर्शन मिळाले.

ह्या program चा खूप जोस्त फायदा आम्हाला झाला आमच्या सगळ्या प्रश्नांचे निरसन झाले व program मध्ये शिकवलेल्या अनेक गोष्टींचे आम्ही आमच्या पुढील शैक्षणिक आणि job career मध्ये नक्कीच अवलंबून करू. आणि आणखी-आणखी प्रगती करू.

तसेच आम्हा विद्यार्थ्यांसाठी organate केलेला हा soft skill development program केव्याबद्दल college चे आभार.
